and applicants, staff, trainers and students are made aware of the Policy, and, as appropriate trained in
the application thereof.

4 Definition:

OC = Operations Co-ordinator.
The Policy = Global Training Institute Access and Equity Policy.

5 Procedure:
Global Training Institute will fairly treat all of its students, including prospective students.

This applies to all those who are, or who would be entitled to VET FEE HELP assistance and all of the
persons seeking to enroll with the provider. This requirement is a basic underlying principle of the Higher
Education Support Act 2003, HESA Schedule 1A.

5.1 Fair Treatment
The application of fair treatment does not require that all students are treated the same. Fairness must be
considered in the context of all the relevant circumstances. There will be situations in which the fair
treatment of students may result in students in varying circumstances being treated differently, particularly
with regard to VET FEE HELP.

5.2 Equal Benefits and Opportunities
Global Training Institute will have open, fair and transparent procedures that, in the provider’s reasonable view, are based on merit for making decisions about students undertaking, and persons applying for places in VET units of study.

Global Training Institute will consider each application for VET FEE HELP in an open, fair and transparent manner

5.2.1 Application of merit
The application of merit in decision-making processes involves Global Training Institute considering each application on a case by case basis and not applying inflexible policies that preclude eligible applicants from having their application considered.

5.2.2 No income test
Global Training Institute as a provider will not apply an income test when making decisions about which students are eligible for VET FEE HELP assistance.

5.2.3 Educational disadvantage
When making decisions about the selection of students, Global Training Institute is able to take educational disadvantages that a particular student has experienced into account. This should involve consideration of the actual disadvantages that a particular student has experienced.

Global Training Institute will not use ‘proxy indicators’ of educational disadvantage (eg. being from a low income group or being from a rural area) in the absence of clear evidence that all students in such a group necessarily suffered educational disadvantage. A provider is required to consider a particular student’s specific circumstances before making a decision about whether the student has actually suffered educational disadvantage.

5.2.4 Restricted Access
When making decisions about the selection of students, Global Training Institute is able to take into account the fact that the student may be enrolled via a VET restricted access arrangement. A restricted access arrangement is an agreement entered into between a provider and an employer or industry body for the provision of a course(s) or places in a course(s) in which enrolment is limited or restricted to employees of the employer or industry body.
