No waiting for the next semester and no worrying about missing the next intake, we can start you in the course you like, when you like.

**Concurrent Commencement** – At Global Training we have a concurrent commencement, which means you have access to all of your subjects when you start your course. Your subjects may have different completion dates to be aware of. Some subjects will take you longer to complete than others e.g. where you have to plan and implement a project, or assessments may need to show your competence over a longer period of time.

**VET Unit of Study (VUS)** – Each course is divided into VET Units of Study which are a group of accredited units (subjects) that you need to complete to finish the course.

**Census Date** – You only need complete the VET FEE-HELP application once per qualification, which covers all vet units of study and subjects in your course. Each Vet Unit of Study has a census date. The census date is the last date for you to apply for a VET FEE-HELP loan to pay for the tuition fees for the subjects in that VET Unit of Study. It is also the last date in which you can withdraw from the Vet Unit of study before you incur a debt for the applicable tuition fees. The census date will be 20% of the way through the VET Unit of Study, as calculated from your Enrolment Date to the Completion Date for each VUS.

**End Date/Completion Date** – This is the final date you will need to complete the subjects in the VET Unit of Study by. You may complete that unit earlier if you wish. However, if you don’t complete the subjects by the completion date, but you are still progressing ok and wish to continue, you will need to apply for an extension.
